

Before assembly

- We recommend that time is taken to read the instructions before starting assembly, then follow the easy step by step guide. The instruction sheet is only a guide to the assembly. Certain items may not be shown to scale.
- Check all components prior to assembly
- This product should be assembled by no less than two people
- Drill all components where indicated

Recommended tools for assembly

- Power Drill/Screwdriver
- Cross head drill bit
- 2mm diameter drill bit
- Spirit level

Caution

- Some components may have sharp edge, wear protective work gloves while handling these components.
- Do not step on channels until flooring material is in place.
- Ensure ground is firm and level and floor frame lies flat on the ground.
- Keep owners manual for future reference.
