

### Before assembly

- We recommend that time is taken to read the instructions before starting assembly, then follow the easy step by step guide. The instruction sheet is only a guide to the assembly. Certain items may not be shown to scale.
- Check all components prior to assembly
- This product should be assembled by no less than two people.
- Never attempt to erect the assembly in high winds.
- Drill components where indicated.

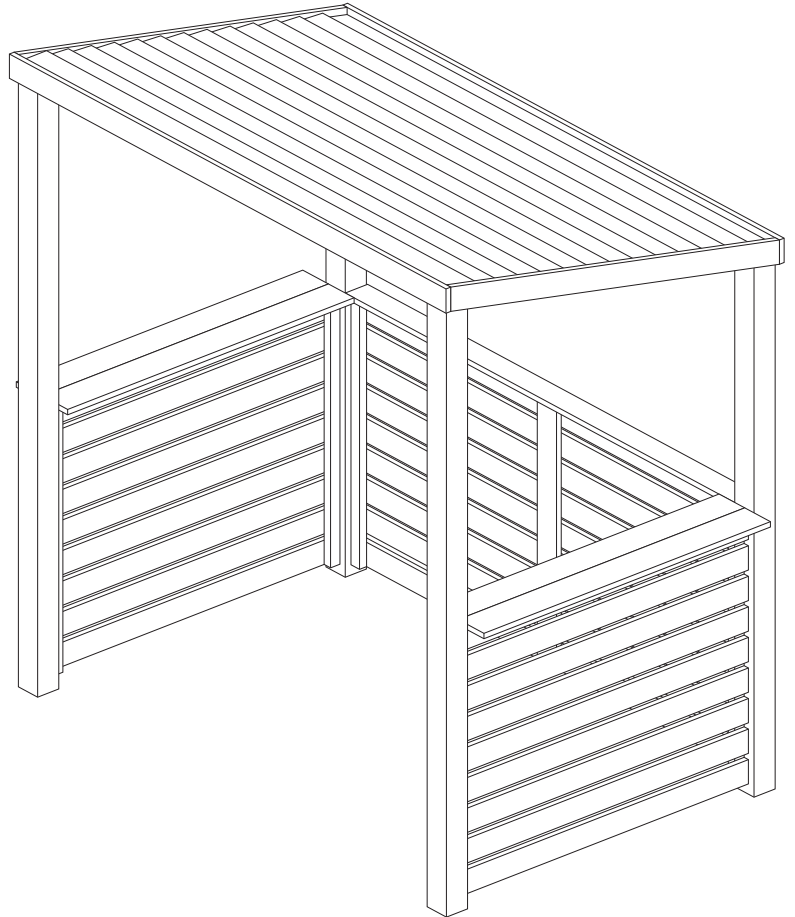

### Biocidal Products Regulation EU 528/2012

Wolmanit CX treated wood is a treated article that incorporates biocidal products: copper hydroxide carbonate/II/ and boric acid. They protect wood against fungal decay /rot/ and insect attack. Keep away from food, drink and animal feeding stuffs. Avoid breathing dust when cutting treated wood.

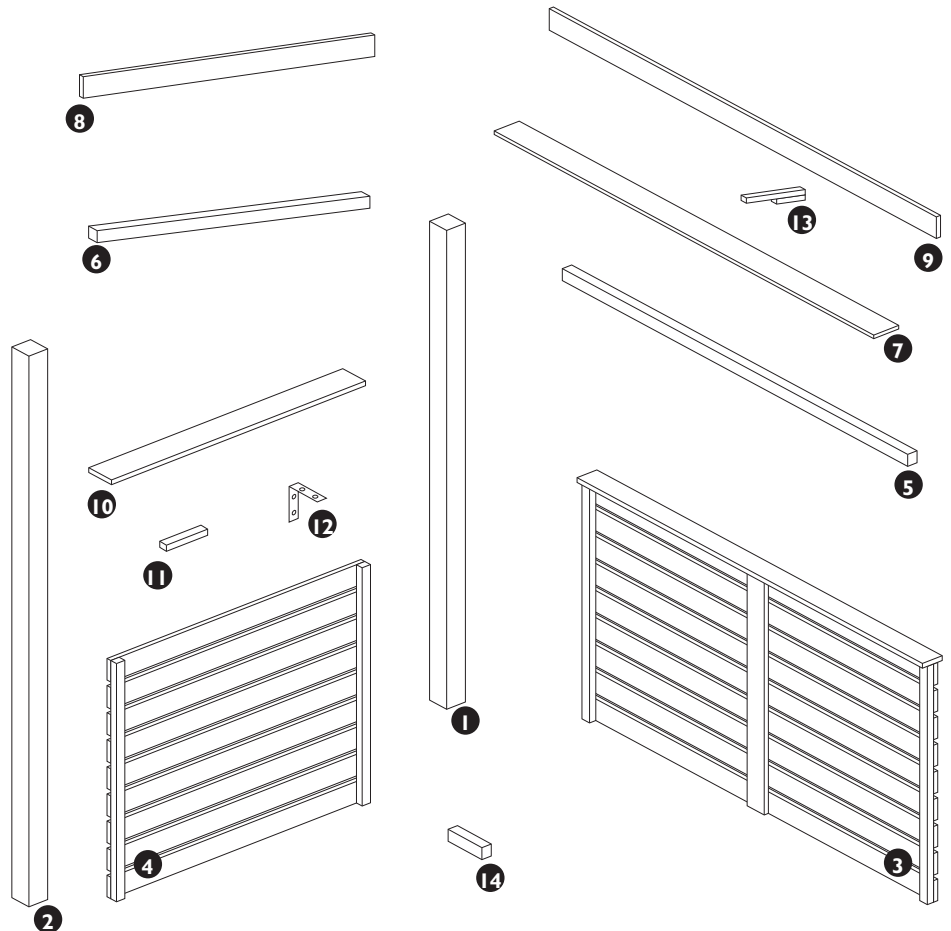

### Recommended tools for assembly

- Electric drill/screw driver
- Cross head screwdriver bit
- 3mm diameter drill bit
- Spirit level
- Step ladder

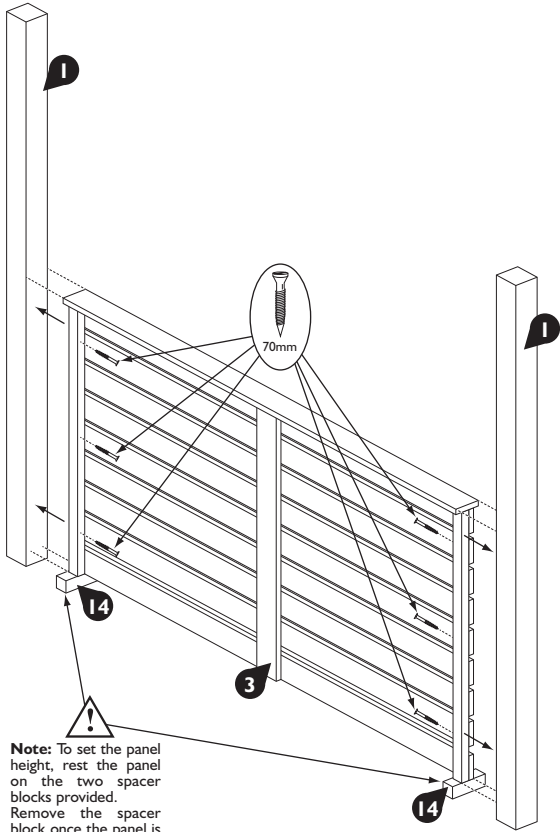

No.	Components	Qty.
1	Back leg (90x90x2000mm)	2
