INFORMATION

Every effort has been made to provide up to date factual information but as our policy is one of continual improvements, we reserve the right to modify or change specifications as necessary.

All sizes where quoted are approximate and in millimetres. Products have been measured to maximum exterior dimensions including roof overhang unless otherwise stated.

Some specifications may vary due to availability and product improvements. Colour has been applied to some products for photographic purposes only. - Can a lorry park within six metres (20ft) of the property?
- Are there cars parked on both sides of the street and if so, would this cause problems for lorry access?
